**DECLARATION OF ANTHONY J. ROBINSON**

ANTHONY J. ROBINSON, pursuant to the provisions of 28 U.S.C. 1746, declares as follows:

1. I am the Legal Assistant to the General Counsel for Navy Region Northwest (NRNW). NRNW is responsible for Navy shore installation management in the states of Alaska, Washington, Oregon, Idaho, Montana and Wyoming, including the Naval Magazine, Indian Island, Port Hadlock, WA. I am the individual responsible for assembling the documents that comprise the administrative record in this case, including the plaintiff's requests for Navy records made pursuant to the Freedom of Information Act (FOIA) and the agency responses thereto.

2. The statements made in this declaration are based upon my personal knowledge or upon information available to me in my official capacity and are true and correct to the best of my knowledge.

3. The purpose of this declaration is to provide the Court and plaintiff with a description of the actions taken by the Navy in response to plaintiff's FOIA requests. I have divided this declaration into two parts: actions taken with respect to plaintiff's FOIA dated December 7, 2003

and actions taken with respect to plaintiff's FOIA dated February 3, 2004. I have also attached an index of records that is cross-referenced to this declaration.

#### **DECEMBER 7, 2003 FOIA REQUEST**

4. On December 7, 2003, plaintiff submitted a FOIA request to the Commanding Officer, Naval Magazine Indian Island. Plaintiff requested the following:

"All documents on file regarding Explosive Safety Quantity Distance (ESQD) arcs or explosive handling zones at the ammunition depot at Naval Magazine Indian Island. This would include all documents showing impacts or potential impacts of activities in the explosive handling zones to the ammunition depot and the surrounding areas."

5. Plaintiff also requested all maps and diagrams of the ammunition depot at Naval Magazine Indian Island which showed the ESQD arcs or explosive handling zones, and documents regarding any safety instructions or operating procedures for Navy or civilian maritime traffic within or near the explosive handling zones or ESQD arcs at Naval Magazine Indian Island. (Tab 1)

6. On December 19, 2003, the Commanding Officer, Naval Magazine (NAVMAG) Indian Island responded to plaintiff, advising him that his request had been received and was being forwarded to NRNW for release determination. (Tab 2)

7. On December 23, 2003, Commanding Officer, NAVMAG Indian Island forwarded plaintiff's FOIA request to NRNW recommending denial of documents. (Tab 3)

8. On January 24, 2004, plaintiff filed an appeal to the Navy Office of the General Counsel (OGC) because of NRNW's alleged failure to respond his request in a timely manner. The appeal was received by OGC on January 26, 2004. (Tab 4)

9. On January 26, 2004, Assistant General Counsel, Freedom of Information Act (AGC (FOIA)), on behalf of the General Counsel of the Navy, responded to plaintiff, advising him that

his appeal had been docketed as OGC Case No. 28/04. (Tab 5) AGC (FOIA) also, directed NRNW to provide a copy of the substantive response to plaintiff's December 7, 2003 request. (Tab 6)

10. On January 26, 2004, NRNW responded to plaintiff's request of December 7, 2003. NRNW denied release of documents as they were exempt from disclosure under exemptions 1, 2, and 3. (Tab 7)

11. On January 27, 2004, AGC (FOIA) informed plaintiff that, in light of NRNW's letter dated January 26, 2004, he considered the plaintiff's appeal to be moot, thus requiring no further action on OGC Case No. 28/04. (Tab 8)

12. On January 29, 2004, plaintiff filed an appeal with the Judge Advocate General of the Navy (JAG) in regards to the January 26, 2004 denial by NRNW. Plaintiff stated:

"In a letter dated January 26, 2004, Lieutenant D. L. Richman of NRNW stated that all responsive documents are exempt from disclosure under Exemptions 1, 2, and 3 of the Freedom of Information Act. Lieutenant Richman also stated the documents were not segregable, or able to be separated or released in parts.

On January 29, 2004, Lieutenant Richman stated in a telephone discussion that 17 documents had been found that were responsive to my December 7, 2003 Freedom of Information Act request. One document had 5 subparts. Lieutenant Richman estimated there might be 1,000 pages responsive to my December 7, 2003 Freedom of Information Act request." (Tab 9)

13. On February 9, 2004, JAG forwarded the plaintiff's appeal to NRNW requesting copies of the initial response, copies of all responsive documents, and a memorandum supporting the rationale for the denial decision. (Tab 10)

14. On February 23, 2004, NRNW responded to the JAG with requested documents. (Tab 11)

15. On June 25, 2004, the JAG responded to plaintiff via email informing him that his appeal had been closed on February 2, 2004 and that the appeal had been referred to OGC as a matter under their cognizance. (Tab 12)

16. On June 28, 2004, AGC (FOIA) received a copy of Mr. Milner's FOIA appeal of NRNW response of 1/26/2004 to JAG/OGC. (Tab 47)

17. On June 30, 2004, AGC (FOIA) on behalf of the General Counsel of the Navy, advised plaintiff that his appeal of January 29, 2004 had been docketed as OGC Case No. 70/04. (Tab 13)

18. On June 30, 2004, AGC (FOIA) forwarded the plaintiff's appeal to NRNW requesting a copy of the initial response, copies of all responsive documents, and a memorandum supporting the rationale for the decision. (Tab 14)

19. On July 1, 2004, plaintiff requested that OGC expedite processing of OGC Case No. 70/04 on the grounds that NRNW is less than cooperative in processing his FOIA requests and given the fact that JAG lost his appeal. (Tab 15)

20. On July 16, 2004, NRNW responded to AGC (FOIA) with requested documents. (Tab 16)

21. On July 20, 2004, AGC (FOIA) informed plaintiff that it had received a copy of the 17 document packages (approximately 1,000 pages) withheld by NRNW. After review, AGC (FOIA) determined that only 2 of the 17 document packages were properly under the cognizance of NRNW and would be considered as part of OGC Case No. 70/04:

Standard Operating Procedures consisting of five separate procedures (Document Package 15); and  
Naval Magazine Indian Island Maps (Document Package 17). (Tab 17)

22. With respect to the other 15 document packages, AGC (FOIA) referred them to the activity that originated them by the same letter dated July 20, 2004, as follows:

Five document packages were referred to Naval Sea Systems Command (NAVSEA);

COMNAVSEA ltr 8020 Ser 04H11/ANC dtd 18 Aug 78 (Document Package 1)  
COMNAVSEA ltr 8020 Ser 06H1/992 dtd 27 Nov 85 (Document Package 3)  
Commander, Naval Ordnance Center ltr 8020 Ser N711/5869 dtd 5 Sep 97  
(Document Package 11)  
Commander, Naval Ordnance Center ltr 8020 Ser N711/6422 dtd 31 Mar 99  
(Document Package 13)  
COMNAVSEA OP 5 Volume 1: Ammunition and Explosives Ashore,  
Safety Regulations for Handling, Storing, Production, Renovation and  
Shipping (Document Package 16)

Five document packages were referred to Engineering Field Activity, Northwest (EFANW);

EFA, NW ltr 11010 Ser/20RH dtd 18 May 94 (Document Package 8)  
EFA, NW ltr 11010 Ser 20RH/5012 dtd 10 Jan 96 (Document Package 9)  
EFA, NW ltr 11010 Ser 152M/6166 dtd 28 Oct 97 (Document Package 10)

OPNAV ltr 8020 Ser 411E/2U597245 dtd 20 May 92 (Document Package 7)

and one document package was referred to Naval Facilities Engineering Command (NAVFAC).

COMNAVFAC ltr 202B/RRU dtd 07 Aug 88 (Document Package 6).

(Tab 17)

23. On July 22, 2004, NRNW responded to AGC (FOIA)'s request for additional information pertaining to the two document packages under OGC Case No. 70/04. NRNW stated that both document packages were prepared with security in mind, thus should be protected under exemptions 2 and 7(f) of the FOIA. (Tab 18)

24. On July 29, 2004, AGC (FOIA) requested the opinion of the Naval Criminal Investigative Service (NCIS) on a proposed decision for OGC Case No. 70/04 appeal. On July 30, 2004, NCIS responded to AGC (FOIA), agreeing that information should be withheld under exemptions 2 and 7. (Tabs 19 & 20)

25. On July 29, AGC (FOIA) forwarded a memorandum for the Deputy General Counsel (DGC) regarding plaintiff's appeal in OGC Case No. 70/04, recommending denial. (Tab 21)

26. On August 3, 2004, DGC issued the Navy's final administrative adjudication of plaintiff's FOIA appeal dated January 29, 2004 (OGC Case No. 70/04). The decision upheld NRNW's January 26, 2004 determination to withhold documents under exemptions 2 and 7(f). (Tab 22)

27. On September 9, 2004, NAVSEA acknowledged to plaintiff that a request was received from OGC to make a release determination on OP-5 Publication and informed plaintiff that a release determination would be made within 45 days. (Tab 23)

28. On October 3, 2006, NAVSEA responded to the five document packages that it received from AGC (FOIA) as follows: It forwarded the following two document packages to the Department of Defense Explosive Safety Board (DDESB) for a release determination: (Tab 24):

Commander, Naval Ordnance Center letter of September 5, 1997 (with enclosure) (document package 11);  
Commander, Naval Ordnance Center letter of March 31, 1999 (with enclosure) (document package 13).

It released the following two document packages to plaintiff:

Commander, Naval Sea Systems Command letter of August 18, 1978; and  
Commander, Naval Sea Systems Command letter of November 27, 1985.

Finally, it determined that the fifth document, entitled Ammunition and Explosives Ashore Safety Regulations for Handling Storing Production Renovation and Shipping, NAVSEA OP 5, Volume 1, was not responsive to plaintiff's request as it did not specifically address the ammunitions depot at Naval Magazine, Indian Island. (Tab 25)

29. On December 19, 2006, DDESB responded to the two documents that it received from NAVSEA and partial released the following two enclosures from document packages 11 and 13: (Tab 49):

DDESB, Memorandum for Commander, Naval Ordnance Center August 12, 1997  
DDESB, Memorandum for Commander, Naval Ordnance Center March 16, 1999

DDESB also returned the following two documents to NAVSEA for release determination (Tab 50).

Commander, Naval Ordnance Center letter of September 5, 1997 (without enclosure);  
Commander, Naval Ordnance Center letter of March 31, 1999 (without enclosure).

30. On January 5, 2007, NAVSEA partially released Commander, Naval Ordnance Center letter of September 5, 1997 to plaintiff under exemption 2. Commander, Naval Ordnance Center letter of March 31, 1999 was previously partially released by EFANW in document package 14. (Tabs 51 and 26)

31. On January 8, 2007, NRNW partially released the remaining enclosures of the documents listed below to plaintiff (Tab 52):

Commander, Naval Ordnance Center letter of September 5, 1997;  
Commander, Naval Ordnance Center letter of March 31, 1999

32. On August 16, 2004, Captain R. F. Parker, Commanding Officer, EFANW issued a partial denial with respect to five document packages forwarded to it. EFANW determined that all five documents packages contained information that was exempt from disclosure under

exemptions 2, 6, and 7(f). A copy of all releasable portions of the five document packages was forwarded to plaintiff. (Tab 26)

33. On September 4, 2004, plaintiff filed an appeal of EFANW's partial denial with OGC. Plaintiff stated that:

"In a letter dated August 16, 2004, Captain R. F. Parker of EFANW stated that responsive documents are partially exempt from disclosure under exemptions 2, 6, and 7 of the Freedom of Information Act. Unfortunately, the documents are not labeled, indicating which exemption is used with each withheld portion. I am appealing that exemptions should be listed, identifying the exemption applied for each withheld portion of the responsive documents.

I am appealing for the release of all responsive documents. The information I am requesting should not be withheld under exemptions 2, 6, or 7 of the Freedom of Information Act. (Tab 27)

34. On September 7, 2004, AGC (FOIA) responded to plaintiff, advising him that his appeal had been docketed as OGC Case No. 81/04 (Tab 28). AGC (FOIA) directed EFANW to provide a copy of documents withheld, an index to documents, all correspondence, and a legal memorandum addressing the points raised in plaintiff's appeal. (Tab 29)

35. On September 14, 2004, EFANW responded to AGC (FOIA) with the requested documents. (Tab 30)

36. On October 19, 2004, DGC issued the Navy's final administrative adjudication of plaintiff's FOIA appeal (OGC Case No. 81/04). The decision upheld the August 16, 2004 determination by EFANW to partially withhold documents under exemptions 2, 6, and 7(f) of FOIA. (Tab 31)

37. On August 26, 2004, CNO's office, responded to plaintiff and issued a partial denial with respect to the four document packages forwarded by OGC's letter of July 20, 2004. CNO determined that the document packages contained information that was exempt from disclosure

under exemptions 2, 5, and 7(f). A copy of all releasable portions of the documents was forwarded to plaintiff. (Tab 32)

38. On August 19, 2004, NAVFAC released COMNAVFAC letter 2002B/RRU dated 07 August 1988 in its entirety, without enclosures. (Tab 33)

39. On August 24 and 25, 2004, NAVFAC divided the remaining enclosures to document package 6 into 3 parts and referred them to the following commands to make release determinations (Tabs 34, 39, and 44):

EFA NW (3 documents);  
CNO (3 documents); and  
NAVSEA (2 documents)

NAVFAC also sent plaintiff three separate letters informing him that the above documents were forwarded the same date. (Tabs 35, 40, and 45)

40. On September 22, 2004, EFANW determined that the following three documents forwarded to it by NAVFAC should be withheld under exemptions 2 and 7(f): (Tab 36)

Map;  
Memorandum of September 24, 1985 requesting site approval; and  
Transmittal sheet of June 25, 1986 forwarding site approval

41. On November 2, 2004, plaintiff appealed EFANW's denial determination of September 22, 2004 to OGC. (Tab 37)

42. On November 24, 2004, DGC issued the Navy's final administrative adjudication of plaintiff's FOIA appeal of November 2, 2004 (OGC Case No. 08/05). The decision upheld EFANW's September 22, 2004 determination to withhold two of the three documents under exemptions 2, and 7(f), but released the transmittal sheet dated June 25, 1986 to plaintiff. (Tab 38)

43. On October 22, 2004, CNO's office determined that the following three documents forwarded to it by the NAVFAC should be partially denied under exemptions 2, and 7(f):

CNO letter 11013 Ser 411F/6U391635 dated 4 Feb 86;  
DDESB letter dated 03 Jan 1986; and  
CNO letter 11013 ser 411F/5U396594 dated 23 Dec 85

CNO released all releasable portions of the documents to the plaintiff. (Tab 41)

44. On November 1, 2004, plaintiff appealed CNO's determination of October 22, 2004, alleging that none of the information requested could create a risk to the Navy's security procedures for securing assets located at Indian Island or used to endanger the life or physical safety of individuals. (Tab 42)

45. On November 24, 2004, DGC issued the Navy's final administrative adjudication on plaintiff's FOIA appeal of November 1, 2004 (OGC Case No. 31/05). The decision upheld CNO's October 22, 2004 determination to partially withhold portions of documents under exemptions 2 and 7(f). (Tab 43)

46. On October 3, 2006, NAVSEA determined that the following two documents forwarded to it by NAVFAC on August 25, 2004 were releasable and send a copy to plaintiff (Tab 46):

NAVSEA letter 8020 Ser 06H1/942 dated 5 Nov 1985  
NAVSEA request for project site approval dated 26 Aug 85

47. On January 4, 2007, NAVFAC released COMNAVFAC letter 2022:JG:gsm dated 22 October 1985 in its entirety to plaintiff, it was an enclosure to document package 6. (Tab 48)

## **FEBRUARY 3, 2004 FOIA REQUEST**

48. On February 3, 2004, plaintiff submitted FOIA request to the Commander Officer, Naval Ordnance Safety and Security Activity (NOSSA) which was identical to his FOIA request of December 7, 2003. (Tab 53)

49. On February 17, 2004, NOSSA requested approval from NAVSEA to deny public release of information to plaintiff. (Tab 54)

50. On March 7, 2004, plaintiff filed an appeal to OGC alleging that the NOSSA failed to respond in a timely manner. (Tab 55)

51. On March 18, 2004, OGC responded to plaintiff, advising him that his appeal had been received and docketed as OGC Case No. 41/04. (Tab 56)

52. Also on March 18, 2004, OGC referred the appeal to NAVSEA requesting copies of all responsive documents and the response to plaintiff's February 3, 2004 FOIA request. (Tab 57)

53. On April 2, 2004, NOSSA forwarded a copy of ESQD arc map of Indian Island to NAVSEA, which was the only document NOSSA had located in response to plaintiff's FOIA request. (Tab 58)

54. On June 30, 2004, NAVSEA sent a letter to plaintiff advising him that NOSSA had found one document responsive to his FOIA request, but it was a document under the cognizance of NRNW. The NAVSEA FOIA Coordinator then contacted NRNW and found it had already responded to an identical FOIA request from the plaintiff and that this map was among those documents that had already been denied in a January 26, 2004 letter. OGC then advised NAVSEA that it was already processing the NRNW denial as an appeal, and that OGC would contact plaintiff with regard to his appeal. (Tab 59)

55. On June 30, 2004, OGC sent a letter to plaintiff advising him that the document held by NAVSEA would be processed under his appeal from a NRNW letter of January 26, 2004

under OGC Case No. 70/04, and that, therefore, his appeal of March 7, 2004, under OGC Case No. 41/04, was considered to be moot. (Tab 60)
